

Teaching in Public Schools

Bible class in a Public School

The Guay Family - Your missionaries in Thailand

Dear Friends,

June 20, 2022

Thank you for your prayers. We recovered from Covid without any problems and were able to make the trip to America. We enjoyed being able to spend time with our family. Our son's wedding was beautiful and we loved meeting our new daughter-in-law!

Everything went great at the church in Thailand while we were gone. We are so thankful for all the people who filled in for us, especially our son-in-law, Naut, and daughter, Elisabeth.

Church Service

We have much to be thankful for here. COVID restrictions are letting up. School started and we are back to teaching English and Bible lessons in four schools each week. Two new men have started coming to church and a family of five have been attending more faithfully. One Thai young lady was saved a couple of weeks ago! A Catholic young lady from South Africa is really beginning to understand the Gospel. Also one teenager has been so burdened to reach her friends, and several of them have been coming with her to church! Please pray for the ones who are lost to get saved and the new convert to grow in the Lord.

We had two of the teens at church leave for college this month. They both had gotten saved here and been a part of our church since they were young children. When kids leave for college here, they usually don't come back to live here. Jobs are scarce in Tak, and people often move to bigger cities in hope of better opportunity. So, we try to help them find a good church where they are going. Sadly, many cities in Thailand still don't have a church and many more don't have a Baptist church. Thankfully these two went to places with good churches. Kristi took several of our older teens to attend church in the city where one of the students moved last Sunday. This student really didn't want to go to a new church by herself the first time. We decided this was a good opportunity to not only help her, but help the high school students understand the importance of finding a good church should they move away. Please pray for the students, for more good churches to be planted in Thailand, and also for us to have wisdom in helping the young people learn to stay faithful to God and church during those years of transition.

Not only do we have church kids grow up and move away, but also adults as well. This can be discouraging when we really want to see the church here in Tak grow faster, but we are thankful for all the people that God has sent our way.

Bible Lesson with the Youth Group

Yesterday we got a note from a young lady from America who came to Thailand as a teacher. She had a Catholic background and was interested in Buddhism. However the desire for friendship brought her to our church several years ago, and she got saved! She sent us pictures of her getting baptized and thanked us for our part in her coming to know Jesus. It was a good reminder to not feel discouraged when the church isn't as full as we would like it to be, but to remember how the Lord is using the ministry here to reach the lost! Please pray for us to reach many more!

Please also be praying for Richard's health. He has been having really bad joint pain. Also, his iron levels in his liver and spleen are very high. He will be getting a biopsy of the liver soon.

Thank you for all the many ways you help and encourage us as we serve the Lord in Thailand.

Yours for Thailand,
